

Australia 100kw off-grid inverter company

Overview

How can off-grid energy Australia help you?

We can design your off-grid system with the inverters and controllers that are perfect for your needs and help you gain independence from the grid. Off-Grid Energy Australia utilise a variety of inverter technologies from leading Australian and International suppliers to accommodate for a range of controller applications.

What are Selectronic off-grid inverters?

All Selectronic Off-Grid inverters are proudly Australian designed and built. Selectronic SP PRO Interactive Inverter Chargers use the battery bank to store excess energy from renewable sources (normally PV solar) for periods when power demand is low.

What is 100up's off-grid Solar System?

Explore 100UP's off-grid solar systems—custom solutions for homes, farms, and businesses across Australia. From compact kits to large-scale setups, we deliver reliable energy independence with solar, battery, and backup systems built for Aussie conditions.

Are Selectronic SP PRO inverters suitable for off-grid power systems?

All Selectronic SP PRO inverters are suitable for single phase, split phase and three phase Off Grid power systems for households, homesteads, commercial properties, construction sites, or in fact any Off Grid site where you need better than mains quality power. All Selectronic Off-Grid inverters are proudly Australian designed and built.

What is a luxpower 5kW hybrid inverter?

Come and inspect the demonstration inverter that is installed and running the factory in off-grid mode at our Queensland warehouse. The Luxpower 5kw Hybrid inverter is a fully programmable smart solar energy storage system,

designed to increase the usage of your solar energy production and to reduce the cost of buying power from the grid.

Which ups Inverter should I buy?

LUX 3kW~5kW OFF-Grid or ON-Grid Hybrid UPS Inverter Range. LUX Hybrid UPS Inverters are our recommended Inverters! All LUX OFF-Grid or ON-Grid Inverters have Auto Generator Start (AGS) Function. AGS Function requires a Generator to have a Starter Motor & Battery. Smart Remote Control, Support Solar Panel with 2x MPPT Strings.

Australia 100kw off-grid inverter company
