

Bangladesh Communication Base Station Wind Power Construction Company

Overview

Could a 'technology-transfer' be the first offshore wind project in Bangladesh?

Once implemented, this offshore wind project will be the first of its kind in Bangladesh – and possibly in South Asia, enabling a “technology-transfer” that would accelerate the learning curve for a nascent industry and reduce technological barriers to entry for future projects.

Does Bangladesh Bank have a wind power station?

Bangladesh Banking Company Grameen Shakti has installed four hybrid wind power stations, which are a combination of wind turbine and diesel generators.

How much is Bangladesh's first offshore wind project worth?

Photo caption: The consortium including Summit and Denmark’s COP, CIP to carry out a feasibility study for the development of Bangladesh’s first offshore wind project valued at USD 1.3 billion. Photo Credit: NiseriN.

Who is the largest independent power producer in Bangladesh?

Learn more at About Summit: Summit is the largest Independent Power Producer (IPP) in Bangladesh, reflecting 17% of the country's total private installed capacity and 10% of total installed capacity.
