

# **Brand new photovoltaic panels wholesale in Italy**

## Overview

---

What brands of solar panels are available?

Available, a wide selection of top brands including Eging, JAsolar and Jinkosolar. Our solar panels are of up to 545 watts and are therefore able to efficiently generate a large amount of energy. This makes them ideal for such big projects as industrial solar systems, solar parks and much more.

What are energyglass photovoltaic components?

EnergyGlass photovoltaic components are designed and manufactured to optimally meet the needs of architectural integration, where transparent or opaque glass is used as a building element.

What is gruppostg 'PV system Division'?

GruppoSTG "PV System Division" strength is placing itself in the construction sector as a single globally responsible reference point. This is witnessed by its work characterized by high technological content and the optimization of energy consumption, which mark the territory by harmoniously inserting itself into any landscape context.

## Brand new photovoltaic panels wholesale in Italy
