

British heavy industry energy storage cabinet manufacturer

Overview

What types of battery storage cabinets do you offer?

We provide modular battery storage cabinets and 20ft, 40ft energy storage containers that can be connected to inverters ranging from 100kW, 500kW 1MW, 2MW, 3MW & 4MW from manufacturers such as Power Electronics & SMA. We can offer both air cooled and liquid cooled battery modules to meet various climate conditions across the globe.

What makes our industrial cabinets & cupboards special?

A standout feature of our industrial cabinets and cupboards is their exceptional durability. Built to endure the demanding conditions of industrial environments, these storage units are constructed from premium materials, including heavy-duty steel, which guarantees long-lasting performance and resilience against wear and tear.

Why should you choose industrial cabinets from HSE store?

Choosing Industrial Cabinets from HSE Store means investing in high-quality, durable, and customisable storage solutions that enhance both the safety and efficiency of your workplace. Our British-made cabinets are designed with the highest standards of craftsmanship and are built to last, ensuring that your storage needs are met for years to come.

What are industrial cabinets & cupboards made of?

Because of this, industrial cabinets and cupboards are usually made from metal, sometimes heavy-duty metal, and they often feature reinforced doors. Here at CS Storage, we supply a selection of different types of industrial cabinets and cupboards including:

What are industrial cabinets?

For instance, our Industrial Cabinets are ideal for organising tools, components, and equipment, ensuring everything you need is within easy

reach. These cabinets feature adjustable shelves and secure locking mechanisms, offering both flexibility and security.

Why should you choose energy storage cabinets?

This ensures that energy storage cabinets can provide a complete solution in emergency situations such as fires. To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements.
