

Brunei Su photovoltaic container

Overview

What is Brunei Darussalam's largest solar project?

This milestone represents Brunei Darussalam's largest government-led solar project to date and the first large-scale solar initiative under a Public-Private Partnership (PPP). It underscores the nation's commitment to diversifying its energy mix and pursuing low-carbon development as part of its decarbonisation agenda.

What is the largest spvpp in Brunei Darussalam?

Upon completion by the end of 2026, the project is expected to be the largest SPVPP in Brunei Darussalam, generating an annual output of 64,473,000 kWh, with a potential to offset about 645,000 MMBtu of natural gas and 92 million tonnes of carbon dioxide. The project was formalised on 14 June 2025, following the signing of three pivotal agreements:.

Who will handle EPCC work for solarvest Borneo?

The engineering, procurement, construction and commissioning (EPCC) work will be handled by Serikandi Solarvest, a separate JV between Solarvest Borneo (49 per cent) and Serikandi Holdings (51 per cent). "This contract adds positively to Solarvest's job wins, bringing its YTD tally to RM604 million.
