

# Canada donates solar power generation system

#### **Overview**

Why did ACFN invest \$32 million in indigenous solar projects?

ACFN independently delivered their direct equity participation of \$32 million to create the largest direct Indigenous solar project investment completed so far in Canada. Additionally, 50 per cent of the labour was provided by the local Blood Tribe and a number of Indigenous subcontractors also contributed to the success of the project.

What is the Concord Vulcan solar project?

Project summary: The Concord Vulcan solar project, in partnership with ACFN Green Energy L.P (wholly owned by Athabasca Chipewyan First Nation) and Concord Green Energy Holdings Ltd., will deploy a 15MW/34 MWh battery energy storage system on the site of existing solar arrays.

Who owns the Coaldale & monarch solar farms?

The Coaldale, Monarch and Vulcan solar farms are just the first \$145-million step in the partnership between Concord Pacific's wholly owned subsidiary Concord Green Energy and ACFN Green Energy.

What is the Concord Coaldale solar project?

Project summary: The Concord Coaldale solar project, in partnership with ACFN Green Energy L.P (wholly owned by Athabasca Chipewyan First Nation) and Concord Green Energy Holdings Ltd., will deploy a 15 MW/34 MWh battery energy storage system on the site of existing solar arrays.
