

# **China-Africa Photovoltaic Energy Storage Project**

## Overview

---

The project, developed by AMEA Power and constructed by CEEC, is set to feature a massive photovoltaic (PV) installation and the continent's largest battery storage system. Spanning 20 square kilometers, the project will boost renewable energy capacity in Egypt and support its Vision 2030 goals.

## China-Africa Photovoltaic Energy Storage Project

---

### [Power China signs a contract for a South African ...](#)

Recently, Power China signed the Darmragt 123 MW photovoltaic project, which is also the first large-scale ground photovoltaic power plant ...
