

# **Croatia Container Group Photovoltaic**

## Overview

---

Is Croatia preparing to build Eastern Europe's largest energy storage project?

Croatia is preparing to build Eastern Europe's largest energy storage project. IE Energy has secured €19.8 million (\$20.9 million) to develop a 50 MW storage system, potentially extendable to 110 MW by 2024. Croatia's latest procurement exercise was significantly undersubscribed, with only 150 MW of submitted projects.

Can agrivoltaic installations be deployed in Croatia?

The Croatian government has adopted bylaws to the Spatial Planning Act that define agrivoltaic installations and the areas in which they can be deployed, in order to facilitate future deployment.

Will ie energy impose financial sanctions on Croatia?

The commission is now requesting financial sanctions. Croatia is preparing to build Eastern Europe's largest energy storage project. IE Energy has secured €19.8 million (\$20.9 million) to develop a 50 MW storage system, potentially extendable to 110 MW by 2024.

What is a mobile photovoltaic system?

That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. This system is realized through the unique combination of innovative and advanced container technology.
