<u>Lithium Battery for Communication Base</u> Stations Market

Besides the mainstream battery types, the "Others" category encompasses emerging lithium battery technologies and chemistries that are being explored for communication base stations.

Communication Base Station Li-ion Battery Market

A single 48V/200Ah LiFePO4 battery can power a 4G base station for 8-10 hours, replacing multiple lead-acid units and saving 40% in physical footprint. This advantage proves vital in
