

Georgia lithium battery pack

Overview

What is the lithium-ion rechargeable battery pack?

The Lithium-ion Rechargeable Battery Pack is designed for use with all Somfy wirefree external battery-operated motors. Your smart window covering doesn't have to be out of commission while you charge, since our External Battery Pack allows your motorized blinds and shades to continue operating even while charging.

Who makes lithium ion batteries?

With a rich heritage of developing batteries used to power satellite systems and the first lithium ion battery approved for use on a commercial airliner, GS Yuasa has established itself as a premier manufacturer of lithium ion batteries.

Who is limitless lithium?

Welcome to Limitless Lithium! Limitless Lithium was founded in 2016 by a group of car audio enthusiasts in North Georgia. The founders recognized a huge need for high quality, cost effective lithium batteries. They also wanted to engineer Lithium batteries to fit many different applications and budgets.

Are lithium ion batteries safe?

The user must have appropriate understanding of lithium ion batteries before purchase. Use caution when working with and using lithium ion batteries as they are very sensitive to charging characteristics and may explode, burn, or cause a fire if misused or mishandled. Always charge in or on a fire-proof surface.

Can a lithium ion battery be used with a smart charger?

Buyer is responsible for any damage or injury caused by misuse or mishandling lithium ion batteries and chargers. No express or implied guarantee of compatibility with any device can be made. Charge only with a

smart charger designed for this specific type of lithium ion battery. Do not mix and match old and new, used and unused batteries.
