

Heishan Industrial and Commercial Energy Storage Power Station

Overview

What is Mazongshan PV & energy storage project?

The Mazongshan PV + Energy Storage Project, located in Subei Mongolian Autonomous County of Jiuquan City in Gansu Province, is a combination of a 10 MW/20 MWh energy storage station built by AlphaESS and a 50 MW photovoltaic power station constructed by Three Gorges Energy Investment.

Which energy storage systems are best for commercial & commercial facilities?

AlphaESS industrial and commercial energy storage systems can provide the one-stop C&I energy storage solution for commercial and industrial facilities. Our olar PV and battery storage solution help maximize energy independence and reduce grid power demand. Residential & commercial battery energy storage systems available.

What are commercial and industrial energy storage solutions?

Our commercial and industrial energy storage solutions offer from 30kW to 30+MW. We have delivered hundreds of projects covering most of the commercial applications such as demand charge management, PV self-consumption and back-up power, fuel saving solutions, micro-grid and off-grid options.

Heishan Industrial and Commercial Energy Storage Power Station

Jinko Power, Energy Storage

Depending on application scenario, Jinko Power provides all types of customers with tailored energy storage system solutions, including power energy storage ...
