

# **How to configure batteries for outdoor base stations**

## Overview

---

What is a base battery system?

The Base battery system is built for performance and reliability. It combines a high-capacity lithium iron battery with intelligent software to optimize energy use. The Base battery system has three main components: the battery pack, inverter, and hub. The long white unit is the battery pack. We mount the battery pack on the ground.

How do I set up a Wyze base station?

In the Wyze app, tap on your Wyze Base Station. Tap on the Settings gear on the top right. Tap Device Info > Wi-Fi Network. Follow the on-screen steps to finish the setup. Now that your Wyze Base Station is all set up, it's time to add your Wyze Cam Outdoor. Move on to the next article, Wyze Cam Outdoor Setup Guide.

How does a base battery work?

This process is called grid-balancing. Base batteries deploy energy to the grid faster than any other service, which is how Base is able to recoup the cost of the battery equipment and keep prices low for homeowners. The charge level of your Base battery will naturally fluctuate over time, rising and falling throughout a multi-day cycle.

How many outdoor cameras can a base station support?

Your Base Station can support up to 4 Roku Outdoor Cameras. If you are adding an Outdoor Camera SE to an existing Roku Outdoor Camera system, skip to the "Outdoor Camera set up" section. Select Add Outdoor Camera or tap the plus sign from the navigation bar, select Add device, select Cameras & doorbells, and choose Outdoor Camera.

Do base batteries run in two directions?

Base batteries run in two directions, which is how Base is able to keep costs

low for homeowners. The batteries charge during off-peak hours, like midday and late at night, when energy is more available and demand is low.

Can I use Wyze base station on a Wi-Fi Connection?

Once it's set up, you can use Wyze Base Station on a Wi-Fi connection - no need for a router. To do this: In the Wyze app, tap on your Wyze Base Station. Tap on the Settings gear on the top right. Tap Device Info > Change Connection. You'll see one of the following screens: Select your network.
