

# Huawei Switzerland 100mw photovoltaic module custom price

## Overview

---

What is a 100MW solar module line?

A 100MW solar module line is an automatic production line made up of quality individual equipment, like glass loading equipment, stringer machine, layup machine and laminators, to reduce manual cost to the maximum. The production line is also equipped with a MES system for production data monitoring to benefit the stable and reliable production.

What is the working noise of a 100MW solar module line?

Working noise:  $\leq 70$  dBA. A 100MW solar module line is an automatic production line made up of quality individual equipment, like glass loading equipment, stringer machine, layup machine and laminators, to reduce manual cost to the maximum.

What is a 100MW production line?

The production line is also equipped with a MES system for production data monitoring to benefit the stable and reliable production. The 100MW line can produce various types of solar panels, single and dual-glass, 5BB-12BB and monocrystalline and polycrystalline silicon. Each panel weighs up to 50kg and has a size up to 2,500mm\*1,400mm.
