

Huawei temperature-controlled photovoltaic energy storage battery

Overview

The Huawei LUNA2000-S0 PV battery is a modular solution that is flexibly tailored to your needs. With options of 5 kWh, 10 kWh or 15 kWh and extensions up to 30 kWh, it adapts to your requirements. The system is safe, reliable and easy to install, perfect for single and three-phase inverters.

Huawei temperature-controlled photovoltaic energy storage battery

The value of flexibility and robustness in residential battery ...

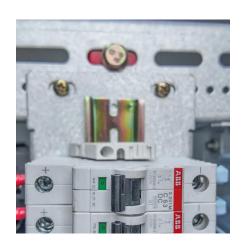

The weight of the battery modules varies with products, with a tolerance of $\pm 3\%$. The output power may be affected by temperature. Please refer to the output derating curve for details.
