

Island Battery Cabinet Company

Overview

Why do we need a backup battery cabinet?

Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.

What are external battery racks & cabinet design encasing solutions?

Our External Battery Racks and Cabinet design encasing solutions are a premium brand that offer industry-standard features in custom design measurements at competitive pricing. They can accommodate various combinations of Batteries, up to maximum number of strings for complete battery ranges.

What is a VRLA battery assembly cabinet?

EverExceed VRLA battery assembly cabinets are very durable, and easy to install. Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications. This solution is completely customizable and flexible to support your application requirement.
