

Large energy storage manufacturer in the UAE

Overview

Robust Energy Solutions is a UAE-based manufacturer specializing in lithium-based energy storage systems. With certified production in Jebel Ali Free Zone, we design systems to deliver safe, efficient, and scalable energy—customized to the needs of industry and infrastructure. Who makes SuperCap energy storage?

Dubai-based supercap energy storage manufacturer Enercap Holdings and Abu Dhabi-based APEX Investments PSC, a leading diversified investment holding company have formed a joint venture to build 16GWh per year manufacturing capacity of supercap energy storage, a cutting-edge technology with features that surpass current lithium-ion technology.

What is enercap Energy Holding Limited doing in Dubai?

Additionally, Enercap Energy Holding Limited has agreed to acquire an existing manufacturing facility in Dubai Industrial City which will be upgraded to 6 GWh/year capacity. Enercap has a current global demand of more than 30GWH of large-scale battery energy storage systems.

What are CATL battery-powered energy storage systems?

CATL battery-powered energy storage systems provide energy storage and flexibility in power generation. Instant utilization and energy output due to battery electrochemical technology and the technology of electricity production using gas-piston units can be combined into a single most efficient system.
