

Liquid Cooling Outdoor Battery Cabinet Brand

Overview

What is included in a battery cabinet?

Each battery cabinet includes an IP56 battery rack system, battery management system (BMS), fire suppression system (FSS), HVAC thermal management system and auxiliary distribution system. Outdoor liquid cooled and air cooled cabinets can be paired together utilizing a high voltage/current battery combiner box.

Can a liquid cooled and air cooled cabinet be paired together?

Outdoor liquid cooled and air cooled cabinets can be paired together utilizing a high voltage/current battery combiner box. Outdoor cabinets are manufactured to be a install ready and cost effective part of the total on-grid, hybrid, off-grid commercial/industrial or utility scale battery energy storage system. BESS string setup examples are:.

What is a 373kwh outdoor cabinet?

Each outdoor cabinet is IP56 constructed in a environmentally controlled liquid cooled cabinet including fire suppression. Multiple 373kWh cabinets can be installed together creating up to 4472kWh energy storage blocks. Designed for 373kWh's to 100MWh+ systems.

What are the technical specifications of hypercube liquid-cooling outdoor cabinet?

Technical Specifications Solutions Our Cases HyperCube Liquid-cooling Outdoor Cabinet Intrinsically Safe Smart and Efficient Flexible Deployment Easy Maintenance IP67-rated battery pack, pack-level fire protection, multilayer fuse protection, multi-dimensional electrical detection.

What is a liquid cooling system?

The integrated frequency conversion liquid cooling system helps limit the temperature difference among cells within 3 °C, which also contributes to its

long service life. It has a nominal capacity of 372.7 kWh with a floor space of just 1.69 square meters. The system is suitable for inverters with operating voltages ranging from 600 to 1500 volts.

What are outdoor cabinets?

Outdoor cabinets are manufactured to be a install ready and cost effective part of the total on-grid, hybrid, off-grid commercial/industrial or utility scale battery energy storage system. BESS string setup examples are: Battery Packs utilize 280Ah Lithium Iron Phosphate (LiFePO4) battery cells connected in series/parallel.

Liquid Cooling Outdoor Battery Cabinet Brand

Industrial and Commercial Energy Storage , GSL Energy Certified Liquid

At GSL Energy, we proudly announce that our state-of-the-art liquid-cooling outdoor lithium-ion battery cabinets have received UL9540, UL1973, and IEC62619 certifications.
