

Maldives outdoor power supply

Overview

Traveling to Maldives?

Quickly see if you need a power plug adapter or voltage converter by selecting your country of origin above to compare the electrical outlets and power plugs between your country and Maldives.

Maldives uses power outlets and plugs of types C, D, G, J, K & L. Take a look at the pictures below to see what these plugs and power sockets look like: 1. Type C-.

All power sockets in Maldives provide a standard voltage of 230V with a standard frequency of 50Hz. You can use all your equipment in Maldives if the outlet.

Below are the answers to some of the most frequently asked questions about Maldives outlets and power plugs:

What type of power plugs are used in the Maldives?

On the Maldives, power plugs and sockets (outlets) of type D and type G are used. The standard voltage is 230 V at a frequency of 50 Hz. For more information, select the country you live in at the top of this page. We don't sell power plug adapters. We refer you to Amazon, where you will find a great selection of travel adapters.

What type of power sockets are on the Maldives?

The power sockets on the Maldives are of type D and G. The standard voltage is 230 V at a frequency of 50 Hz. Check your need for a power plug (travel) adapter on the Maldives.

Do I need a power adapter in the Maldives?

Whether you'll need a power adapter depends on the type of plug your devices use. Here's a breakdown based on travelers from different countries and continents: In North America, the standard plug types are Type A and Type B, with a voltage of 120V. Since the Maldives uses Type C, D, G, and K

outlets, you'll need a Type A/B to Type C/D/G/K adapter.

Do I need a voltage converter in Maldives?

If your device or power adapter is not dual voltage or you are unsure, and the voltage and/or frequency in Maldives differs from your own country, you should use a voltage converter when plugging in your devices and power adapters in Maldives. What power plug types and electrical outlets are used in Malé?

.

Are there electrical outlets in Maldives?

No, the electrical outlets in Maldives are different from those in the United States. In Maldives electrical outlets of types C, D, G, J, K & L are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Maldives?

.

What type of outlet does Maldives use?

Maldives uses outlet types D, G, J, K, L at a voltage of 230V and a frequency of 50 Hz. Plug Compatibility: Type D, Type G, Type J, Type K, Type L Voltage: 230V Frequency: 50 Hz Can North Americans use Electronics in Maldives without an Adapter?

No!
