

Mongolia photovoltaic panel greenhouse manufacturer

Overview

Since 2010, Le Geres has been supporting the inhabitants of rural areas in Mongolia in the construction of bioclimatic greenhouses. Without the help of photovoltaic panels, these greenhouses use the light resource that is abundant in the country.

The food security plan's objective (2010-2013) lead by the consortium Secours Catholique/Caritas Mongolia and Geres is to develop more efficient and diversified ways to grow.

Thermal results will allow us to compare the different designs performances and suggest relevant optimizations. The main objective for 2011 as.

Technical partners 1. Arkhangai Herders Federation 2. AVSF - Agronomes et Vétérinaires Sans Frontière 3. Arkhangai Government 4. Food and Light Industry Government of Gobi-Altai province 5. Secours Catholique 6. Caritas Mongolia Financial partners 1.
