

New Energy Storage Capital

Overview

How many energy storage projects does Chair Capital Invest in?

Chair Capital is currently engaged with 18 projects globally, representing a total investment requirement of \$3.1 billion. “There is a huge demand for investment in energy storage,” says Darren Green, CEO of Chair Capital.

Who is New Energy Capital?

Since 2004, New Energy Capital has served its investors, focused on clean energy and infrastructure assets. Victory Capital Closes Acquisition of New Energy Capital Partners.

Is there a demand for energy storage?

“There is a huge demand for investment in energy storage,” says Darren Green, CEO of Chair Capital. “Governments and corporations alike recognise that without significant storage capacity, we cannot fully transition to renewable energy. That’s why we are focused on funding and developing large-scale projects that provide long-term energy security.”
