

Niue Energy Storage Equipment Manufacturer Branch

Overview

How did New Zealand support Niue's battery energy storage system?

In addition to Australia's support, the New Zealand Government contributed \$2.5 million to relocate and restore Niue's Battery Energy Storage System (BESS). This funding has allowed the Ministry to repair the grid control system, procure necessary fuel tanks, and install cabling and connections.

Where can I find information about Niue?

More about Niue's early history and archaeological artefacts can be found at Fale Tau Taogo Niue, the national museum, located along Halamahaga Road in Alofi. Find out more in the 5 Best Museums & Art Galleries in Niue. The first European contact with Niue began when British explorer, James Cook, attempted to land on the island in 1774.

What is MFAT doing in Niue?

MFAT is in the 'awaiting approval' stage of a Solar PV, Battery Energy Storage System (BESS) and electrical grid upgrade project in Niue. The current scope of the project includes the design, procurement, installation, and commissioning of: Furthermore, it is expected the EPC contractor will include provision for a 2 year O&M contract.

How is Niuean PowerSmart generating electricity?

Working with Ministry of Foreign Affairs and Trade (MFAT) and the Niuean Government, Vector PowerSmart designed and built a sustainable generation plant and energy management system for the island, using new solar and battery technology. The 600kW of solar technology has produced 320,000kWh of electricity in the six months since 1 January 2019.

Does Niue have a diesel generator?

The small island nation of Niue, like many other countries in the South Pacific, has relied on diesel generators for their electricity for decades. Niue has

historically been supplied by four 500kVA diesel generators which distribute the electricity via two networks across the island.

What does the Minister of infrastructure say about Niue's New Power Station?

The Minister of Infrastructure, Hon. Crossley Tatui extended his appreciation to the Australian and New Zealand Governments, saying, “The construction of this new power station is a vital piece of infrastructure for Niue’s development and well-being. This achievement would not have been possible without the support of our regional partners.”
