

# Photovoltaic panels power generation in Egypt

### **Overview**

According to the most recent data received by EgyptERA (30/6/2025) Current regulations allow the installment of PV power plants according to Net Metering and Self Consumption Regulations up to 1000 MW aggregated capacity all over the Arab Republic of Egypt Remaining Capacity: 746969 kWWhat is the growth rate of Egypt solar photovoltaic (PV) market?

The Egypt Solar Photovoltaic (PV) Market is growing at a CAGR of 9.05% over the next 5 years. Egyptian Electricity Holding Company, KarmSolar, Infinity Solar, Cairo Solar, Scatec ASA are the major companies operating in Egypt Solar Photovoltaic (PV) Market.

What is the Egypt PV project?

The Egypt PV project is implemented by the Industrial Modernization Center (IMC) in cooperation with the United Nations Development Program (UNDP) and funded by the Global Environment Facility (GEF). In January 2023, AMEA Power announced to start the construction of a 560 MW Abydos Solar Plant in Kom Ombo, Egypt.

Is empower preparing a solar investment with multinationals in Egypt?

Empower is currently preparing three solar investments with multinationals operating in Egypt "that are seeking to decarbonize their operations while at the same time securing a competitive electricity tariff over time," said Empower Chief Executive Officer Terje Osmundsen.

How many hydroelectric generating stations are there in Egypt?

It has an installed hydroelectric generating capacity of 2,100 megawatts. There are currently four main hydroelectric generating stations in Egypt, and there is potential for increasing the hydropower generation. Figure 1 shows the changes in the electricity generated from hydropower during 2000/2001-2020/2021.

How will EEHC power a hydrogen plant in Egypt?

That is set to be powered by PV and wind capacity and ACWA Power said it already has an Egyptian PV and wind development pipeline of 1.4 GW. The hydrogen plant will connect to the grid via the same 220 kV transmission line as Benban, with all power sold under a 25-year PPA to the EEHC.
