

Polish photovoltaic power station inverter manufacturer

Overview

Where are solar PV inverters made?

We develop solar PV inverters in the power class of up to 100 kilowatts at two locations in Germany: at the headquarters in Neckarsulm and also in Kassel. The production for the European market takes place exclusively in Neckarsulm.

Where can I buy photovoltaic panels?

The photovoltaic wholesaler Solmix offers the highest quality photovoltaic panels from reliable manufacturers at the lowest prices. In the online store you can order modules by the piece, as well as in pallet quantities. For photovoltaic installers we have also prepared a special container price offer for the purchase of photovoltaic modules.

Why should you buy a Selfa photovoltaic module?

In the case of photovoltaic modules produced by SELFA, we get something much more than just a manufacturer's warranty - we get THE POWER OF POLISH WARRANTY! One can become independent of the increases in energy prices and even earn on them. How?

The answer is photovoltaics. Selfa PV - SELFA GE S.A. POLISH MANUFACTURER OF PHOTOVOLTAIC MODULES.

How many employees does inverter have?

It is a company employing almost 500 employees with a high level of process automation. It is a brand present in 120 countries and the No. 1 brand in the Czech Republic in terms of market coverage and recognition, as well as one of the most frequently chosen inverter brands in Italy and Australia.
