

Qatar Solar Photovoltaic System Franchise

Overview

Who makes solar energy in Qatar?

The state-owned group, Qatar Solar Energy, is a leading manufacturer of solar power components and last year opened the largest integrated production facility for solar energy systems in the Middle East and North Africa region. Even more recently, Qatar's Solar Technologies, took a 49% stake in German-based SolarWorld.

Is Qatar a good place to develop solar energy?

Qatar boasts the ideal conditions for developing solar energy with its exceptional sunshine and vast unoccupied spaces. This is where the Al Kharsaah solar power plant, developed by TotalEnergies and its partners QatarEnergy and Marubeni, was inaugurated in October 2022.

How many solar PV projects are there in Qatar?

The installed capacity of solar power generation in Qatar was recorded as 5.1MW, as of 2020, which is far from the required targets to have a considerable share of renewables in the energy mix. Thus umpteen solar PV projects are lined up to boost the capacity in the nation.
