

Saudi Arabia battery storage subsidies

Overview

Will Saudi Arabia be able to deploy battery energy storage systems by 2030?

According to Saudi Energy Minister Prince Abdulaziz bin Salman, the nation has set a goal of deploying 48GWh of battery energy storage systems by 2030. This ambitious target not only supports Saudi Arabia's energy transition but also injects fresh momentum into the global renewable energy and energy storage markets.

Why is Saudi Arabia launching a battery storage project?

Saudi Arabia aims to generate 50% of its electricity from renewables by 2030. However, renewable energy sources like solar and wind can be unpredictable. The 12.5 GWh battery storage project will solve this issue by storing energy and ensuring a steady power supply. This is very important in Saudi Arabia.

Will Saudi Arabia host a gigawatt-hour battery storage facility?

In addition to public-private partnerships such as through SPPC, Saudi Arabia will host gigawatt-hour scale battery storage facilities to integrate renewable energy at major infrastructure projects such as the Red Sea Project coastal tourist destination. Image: Red Sea Global.

How many GWh of energy storage will Saudi Arabia have by 2025?

Projections indicate that Saudi Arabia aims to operate 8 GWh of energy storage projects by 2025 and 22 GWh by 2026, positioning the nation as the third-largest global market for energy storage, following China and the United States.

Why is Saudi Arabia investing in lithium?

This surge in energy storage capacity is complemented by Saudi Arabia's strategic investments in the lithium supply chain, a critical component for battery production. Saudi Aramco, in partnership with state-owned mining company Ma'aden, plans to commence commercial lithium production by

Is Saudi power procurement Company (SPPC) a prequalified bidder?

According to foreign media reports, the Saudi Power Procurement Company (SPPC) has officially announced the list of prequalified bidders for its first battery energy storage system (BESS) procurement.
