

Sino-European Solar Photovoltaic Inverter

Overview

Who is sinovoltaics?

Since 2009, Sinovoltaics, a Dutch-German Battery Energy Storage (BESS) and solar photovoltaic (PV) technical compliance and quality assurance service firm, has been a pioneer in the BESS and solar photovoltaic industries.

Are non-European solar inverters a threat to Europe's Energy Autonomy?

The European Solar Manufacturing Council (ESMC) has issued a stark warning, highlighting a critical threat to Europe's energy autonomy stemming from the unregulated remote access capabilities of PV inverters produced by non-European, high-risk manufacturers—particularly those from China. A recent study by DNV substantiates these concerns.

How many sinovoltaics Europe Solar factory sites are there?

The report tracks the announced factory location, size, owner, and planned capacity, as well as sites that have been closed, or where capacity is on hold. There are 125 factory sites listed in the Sinovoltaics Europe Solar Supply Chain Map for 1Q2025, which is available as a free download.

What are sinovoltaics supply chain maps?

Sinovoltaics regularly publishes supply chain maps to inform developers and industry members about emerging PV suppliers and the latest developments in global solar manufacturing. The reports are free and published in the form of infographics and data tables.

What is the sinovoltaics supply chain map – European for Q2 2024?

The Sinovoltaics Supply Chain Map (SSCM) – European for Q2 2024 has a large information update, according to the analysts. Sinovoltaics uses nameplate capacity figures and publicly available information. The analysts noted that Europe, Turkey, and Kazakhstan currently have 22 GW of module production capacity.

How often does sinovoltaics publish a region-specific solar supply chain map?

Every four months, Sinovoltaics publishes region-specific solar supply chain maps for North America, Europe, Southeast Asia, and India, documenting the published plans of manufacturers operating in each region. It also publishes an annual transformer manufacturing map for Mainland China.
