

Small household battery cabinet outdoor site

Overview

What is an outdoor Battery Cabinet?

HindlePower's Outdoor Battery Cabinet is constructed of extremely durable injected foam panels that achieve a level of thermal performance not previously seen in traditional battery cabinets. Feel confident your batteries will maintain 65°F for outdoor ambient temperatures down to -40°F and 77°F for outdoor ambient temperatures to 122°F.

What types of outdoor battery enclosures are available?

AZE's heavy duty outdoor battery enclosures and Lithium battery storage system are available in NEMA 3R, or 4X configurations. These outdoor battery enclosures, which come in all shapes and sizes, are designed to withstand extreme elements, climates and environments.

What is a battery cabinet?

Equipped with the HindleHealth System, the Battery Cabinet will keep your battery at the ideal temperature in the most extreme of environments, giving you peace mind. HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation.

Are battery cabinets NEMA & IP rated?

It is important to note that the NEMA and IP rating varies depending on where you will install the enclosure. A range of outdoor energy storage battery cabinets and outdoor lithium battery cabinets are available in standard and custom configurations, can be pole-mounted or ground-mounted .

How does hindlepower's outdoor battery cabinet work?

HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation. Rather than using a monitor to alarm when the amount of hydrogen exceeds the lower explosive limit, the Cabinet purges the air based on battery Ah capacity and technology based on the guidelines set forth

in IEEE 1635.

What is an outdoor NEMA 3R Battery Cabinet?

Outdoor NEMA 3R modular design easily expands and can accommodate any configuration of batteries and DC power equipment. This becomes a great alternative for substations with limited interior space allowing for consolidation of your DC power system. HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation.
