

Small solar power generation system in Sudan

Overview

The United Nations Development Programme (UNDP) and the Government of Japan have announced a \$1 million initiative to bring solar-powered infrastructure to the Blue Nile and White Nile states in Sudan.

Small solar power generation system in Sudan

Concentrating solar thermal power generation in Sudan: Potential ...

The study used techno-economic analysis for two of the most mature CSP technologies - solar power tower (SPT) and parabolic trough (PT) technology - to produce ...
