

# **Swaziland Hybrid Energy Storage Power Station**

#### **Overview**

How is the Swazi government advancing its energy infrastructure?

In collaboration with private entities and foreign aid programs, the Swazi government is taking crucial and necessary steps to advance its energy infrastructure and deliver power to the 17% of the population (more than 200,000 people) living without it.

Why is hydroelectric power important in Eswatini?

Projects such as these conserve millions of liters of fuel throughout their lifetime and ensure year-round reliable and sustainable electrification for public facilities. Hydroelectric power currently stands as one of the most prominent energy sources in Eswatini.

How can the Swazi government re-electrify emerging economies?

Through hands-on investment and partnerships with private corporations, the Swazi government exemplifies how emerging economies can electrify their populations with cutting-edge renewable energy technology. There is still much work and foreign investment can accelerate the process.

Can a wind turbine be installed in Eswatini?

While wind energy production in Eswatini is negligible, the country's mountainous regions hold immense potential for installing wind turbines. Government feasibility studies in the Lubombo Plateau, a largely uninhabited and undeveloped region near the border with Mozambique, are ongoing.

What does the Swazi energy pledge mean?

This pledge signifies a crucial step toward Swazi energy independence, bridging the stark urban-rural economic divide and promising new employment and educational opportunities. The commitment is more than a superficial gesture.

What does Eswatini's COP26 pledge mean for Swazi energy?

The transformative journey culminated at the COP26 conference, where Eswatini committed to an ambitious 50% surge in renewable energy production by 2030. This pledge signifies a crucial step toward Swazi energy independence, bridging the stark urban-rural economic divide and promising new employment and educational opportunities.
