

Swiss small solar photovoltaic panel manufacturer

Overview

Who makes Swiss solar modules?

SSWISS GROUP AG manufactures high-quality solar modules and is leading and globally active technology company. SWISS solar modules are engineered in Switzerland and meet the highest quality standards . As an internationally recognized premium brand.

What products does Swiss solar offer?

Wide range of products: Swiss Solar offers a wide range of photovoltaic panel products, including mono and polycrystalline panels, with power ranges from 270W to 540W, which means they can be used for a variety of applications, from residential solar systems to commercial and industrial projects.

Who is Swiss Solar AG?

SWISS SOLAR AG – is a leading and globally active technology company. It is specialized in innovative systems and production of solar cells and solar modules. From simple beginnings, SWISS SOLAR AG has expanded globally. We now sell our products in more than 100 countries. IBEX 132MWT-GR. IBEX 144MHC-Ei. IBEX 144BF-MHC. IBEX 132MHC-Ei.

What is the most powerful solar module in Switzerland?

Find out everything about the M490, our most powerful solar module in Switzerland, which perfectly combines efficiency and aesthetics. Bifacial modules use not only direct sunlight on the front side, but also indirect and diffuse light on the rear side. Your Swiss solar manufacturer for innovative solar modules and photovoltaics.

What are Swiss solar panels used for?

Swiss Solar panels can be used in a variety of applications, including commercial and industrial power generation, residential building power supply, and street lighting and road signaling systems.

What makes Swiss solar unique?

Swiss Solar products are based on innovative technologies: we produce only monocrystalline modules from 9BB to 16BB. Our strategy Swiss Solar strives to expand worldwide to provide customers with quick access to our services and products.
