

Tenders open for Ireland power generation and energy storage project

Overview

How do public sector tenders work in Northern Ireland?

In Northern Ireland, when the public sector needs something, they advertise a tender and then award a contract to the winning supplier. The process is facilitated through a central website called eTendersNI.

What is the tender advisory service?

The Tender Advisory Service (TAS) was established by the Office of Government Procurement (OGP) to address concerns for SMEs in relation to perceived barriers for competing for tender opportunities.

What is Ireland's Electricity storage policy framework?

The policy framework is a first of kind policy, which clarifies the key role of electricity storage in Ireland's transition to an electricity-led system, supporting Ireland's 2030 climate targets, it may be considered as a steppingstone on Ireland's path to net zero carbon emissions.

Does EirGrid need long duration energy storage?

EirGrid has today published A Call for Evidence on the Market Procurement Options for Long Duration Energy Storage (LDES). This Call for Evidence details the growing system need for Long Duration Energy Storage and potential procurement methods to provide a sufficient financial incentive for its connection.
