

The highest efficiency of solar photovoltaic modules

Overview

Most solar panels are at least 20% efficient, but the best ones are over 22% efficient. We reviewed the efficiency ratings of hundreds of home solar panel models and found that five brands stood out: Maxeon, Qcells, Canadian Solar, REC, and Panasonic.

The highest efficiency of solar photovoltaic modules

Most efficient solar panels 2025

Learn more about solar PV cell construction and the different cell types. The solar cell type, design, and configuration all impact panel efficiency, with the N-type back-contact ...
