

The smallest outdoor power supply with two kilowatt-hours of electricity

Overview

Can a portable power station be used as an uninterruptible power supply?

Yes, a portable power station can be used as an uninterruptible power supply. Many portable power stations come with UPS features, like automatic switchover when power loss is detected.

What are the best portable power stations?

To help you decide, I tested the efficiency, in a variety of scenarios, of the best portable power stations from Jackery, Oupes, EcoFlow, Anker, Goal Zero, Greccell, Bluetti, Dakota Lithium, Lion Energy, Vtoman, and Oupes. [↓ Jump to the Rest of the Field](#) [↓ What to Know Before Purchasing a Portable Power Station.](#)

Should you buy a power brick or a portable power station?

Small power bricks have enough juice to charge your phone a few times, while a cooler-sized portable power station can keep vital electronics running during a power outage or camping trip, and the most powerful options will provide electricity to your entire house.

How long does a portable power station last?

A portable power station's lifespan depends on the type of battery inside. Most new portable power stations, including all the models we recommend here, feature LiFePO4 battery technology, which lasts far longer than older lithium-ion technology. How much more?

LiFePo4 power stations will last for more than 3,000 charge cycles, or about 10 years.

How much power can a portable power station hold?

While a particular power station might claim to hold 1,000 watt hours, the actual amount of usable power you can get out of it is a different story. The

best portable power stations also have an onboard computer that shows you how much energy is left in your unit, as well as how much power it's currently using.

What is the most expensive portable power station?

The one downside is the price tag, as this unit also comes through as the most expensive portable power station with a list price of \$4,250. Milwaukee M18 Carry-On Power Supply: It isn't a great portable power station. You're probably considering buying it because you're already on the platform. If that's the case, I say go for it.
