

Which company in Bhutan specializes in photovoltaic energy storage

Overview

Will Reliance Power build the largest solar power plant in Bhutan?

Reliance Power on Monday announced that it has signed an agreement with Green Digital Private Limited, a company owned by Bhutan's government, to help build the country's largest solar power plant. The project will generate 500 megawatts (MW) of electricity and marks a major step in boosting clean energy in the region.

Will Reliance Enterprises develop a 500 MW solar power project in Bhutan?

In October 2024, Reliance Enterprises, jointly promoted by Reliance Power and Reliance Infrastructure, initiated a strategic partnership with DHI to develop solar and hydropower projects in Bhutan. As part of the agreement, the firms will jointly develop a 500 MW solar power project.

What is a BOO project in Bhutan?

The project aims to diversify Bhutan's renewable energy mix and boost regional clean energy collaboration under a BOO model. Reliance Power on Monday signed a long-term power purchase agreement (PPA) with Green Digital to jointly develop a 500 megawatt (MW) solar power plant in Bhutan.

What is Reliance Power & Dhi solar project?

The initiative is a 50-50 joint venture between Reliance Power and Bhutan's Druk Holding and Investments (DHI), the government's main investment arm. It will cost up to Rs 2,000 crore and is the biggest private investment in Bhutan's solar sector so far.

What is Bhutan's hydro project?

The hydro project, a run-of-the-river plant, is structured under a long-term concession and is aligned with Bhutan's national energy goals. (You can now subscribe to our Economic Times WhatsApp channel) (Catch all the Business News, Breaking News, Budget 2025 Events and Latest News Updates on The
